

Every street has a story to tell, whether in rural or an urban setting.

This half term, we'll explore Great Somerford. We will photograph and look at local landmarks. At school, we will write an information leaflet about our village. Using digital mapping tools, we will identify the streets and buildings that we saw. We will investigate settlements around the world and compare them to our own. As part of our topic work, we will study urban art, learn about light and reflection.

Topic focus	Art & design
English	Leaflets, poetry, autobiography, letters and email, signs and slogans
Art & design	Photography, graffiti art, observational drawing
Computing	Digital maps, programming,
Geography	Geographical skills and fieldwork
History	A local history study
Mathematics	White Rose Maths
PSHE	Being safe, presenting opinions
Science	Light and dark, shadows, staying safe at night, reflection and refraction

Help your child prepare for their project

Take a trip to the city! Why not photograph interesting buildings and make a scrapbook? You could also research urban artists and add your favourite images to your scrapbook. Alternatively, you could visit a churchyard to go gargoylespotting! Take photographs and try to recreate them at home using modelling materials.
